Dear Ms. Lane,

Below is the statement I gave on the form at the below address you sent me. I hope you will be able to accommodate my timeframe.

"ARKWOOD, INC. (EPA ID: ARD084930148)

Site ID: 0600124

Omaha, Arkansas

Ms. Lane, I was told by Carlos Sanchez you would provide me with an index to the documents. Until I see that, I do not know the specifics of my request. I need to access the information on November 8, 2011, in preparation for a meeting at EPA Region 6 the following day."

Thank you,

Charles Grisham, Jr.

Mr. Grisham,

A FOIA request needs to be in place prior to a file review. Once submitted then we can schedule the file review.

To make a FOIA request, please visit the following web site and fill out the FOIA form.

Mr. Grisham,

The best way to do a file review would be to go through the R6 FOIA Officer, Leticia Lane (214.665.7202). You can schedule the file review with her and she will make an office room available and have the documents ready for your review. I believe that you can get a file index ahead of time of the documents that are available for the Arkwood site and you can request specific documents that you may want to review. I have include Leticia in this e-mail. CAS

Carlos, would I be able to come in to EPA before our meeting and look through all the public files, correspondence, documentation etc. as part of my preparation? Is there a library there at EPA Region 6 accessible to the public? Would I need to involve the Freedom of Information folks there in order to access that material?  
Thank you, Curt
